## STUDENTS' RIGHT TO CANCEL

### Sofia University Withdrawal and Refund Policy

#### Refunds for Dropping Individual Classes:

The University refunds in full tuition (not administrative fees or non-refundable application fee) for classes dropped before the first day of quarter. There is no refund of tuition for individual courses dropped after the last day of add/drop period. The add/drop period is usually the first week (Monday-Friday) of each quarter.

#### Refunds for Withdrawing from Registration:

Withdrawal is defined as the dropping of one's entire program in a given term as differentiated from dropping some, but not all, of one's courses. Students who withdraw from a term are charged a withdrawal fee and tuition and fees are charged according to a schedule set by the Office of the University Registrar.

A student is considered registered until the date on which written notice of withdrawal is received by the Office of the Registrar. A student's financial assistance is adjusted to reflect reductions in the student's overall budget. Excess financial aid is restored proportionately to the funds from which it was drawn before a refund is given.

According to federal regulations, Sofia University must use the withdrawal date for refund calculations as "either the date the student officially notifies the school that he or she is withdrawing or the last date of class attendance that the school can document." The University has adopted the following withdrawal policy to establish charges based on the amount of time completed in the enrollment period. All students who withdraw from Sofia University will be charged an administrative fee.

#### Sofia University Tuition refund policy:

Before first day of the quarter	100% Tuition refund
Before 11:59 pm on Friday of the first week of quarter	100% with \$1,000 Administrative Fee
After the 1st week of the quarter	no tuition refund

#### Financial Aid Refunds and Return of Federal Funds:

Students who receive aid for which they are later determined to be ineligible will be responsible for timely repayment of this aid to the appropriate source.

**Title IV** - Students who receive Title IV financial aid will have their refund calculated as required by regulation. Under the most recent reauthorization of the Higher Education Act of 1964, the return of federal funds has been separated from the calculation of refunds for institutional charges. The percentage of the return is based on the number of calendar days completed within an enrollment term. The calculation will be based upon the official withdrawal date.

Because students on leave are classified as withdrawn when certifying enrollment status for federal financial aid, any aid you receive must be subjected to the federal R2T4 return of funds formula. This means that if you received a refund check from the school, all or part of those "unearned" funds may need to be returned to Direct Loan.

For those students who are eligible and receive federal financial aid, the following federal financial aid refund policy applies. The focus of the policy is to return the unearned portion of the federal financial aid for the enrollment period. The refund will be calculated based on the date you begin the official withdrawal process, the last date of the documented attendance or, for an unofficial withdrawal, the mid-point of the term or the last documented date of attendance. If a student withdraws from school on or before 60% of the term is complete, then the percentage of unearned Title IV federal aid shall be returned by the school and possibly by the student.

#### The following distribution of returned funds is as follows:

- 1 Federal Unsubsidized Stafford Loan
- 2 Federal Subsidized Stafford Loan
- 4 Federal Pell Grant FSEOG (Federal Supplemental Educational Opportunity Grant)
- 5 Other Title IV aid programs
- 6 Other federal sources
- 7 Private or institutional aid

**Note:** After the Federal Financial Aid refund, the student is responsible for any unpaid balance based on Sofia's refund policy.

#### Medical Emergency Refunds

For the students who have to withdraw for unforeseeable medical reasons, the refund will be given only before the mid-point of the term, and formal doctor's notes is required. The refund is prorated based on the date you begin the official withdrawal process.
